

French Immersion Kindergarten Registration

French Immersion is open to any student in P.E.I. who registers by the deadline. After that schools will consider additional students but there is no guarantee of acceptance to the program.

When: Registration for French Immersion Kindergarten will be held January 7- 11th. Ads will appear in the local papers and on the radio.

Where: You can register your child at your designated French Immersion School (See [French Immersion Schools and Attendance Zones](#)).

What you will need: Please bring proof of child's date of birth and current address.

Registering early helps the Public Schools Branch to plan for your child as effectively as possible. It also give you and your child time to prepare for the start of the program.
