Dear _____,

One of the earliest indicators that there may be difficulty in a young person's life is excessive absence from school. Parents and schools must work together to ensure that our young people receive the quality of education they deserve and establish a solid foundation for their future by attending school on time all the time.

Our records show that _____ was absent ____ days out of a possible _____ days.

Non-attendance affects a student's academic and social progress at school. Children who do not attend school regularly miss daily instruction and create gaps in their learning which are difficult to make up.

Non-attendance in school can also become a habit that is increasingly difficult to change as the child grows older. This habit may contribute to dropping out of school or other problems that may impact the child's future. It is a parent's legal responsibility to ensure their child is attending school. Under Section 69 of the *School Act*, "a parent who fails or neglects to cause his/her child to attend school is guilty of an offense". Please contact the school immediately so we can address any factors contributing to this problem.

Please call _____ to discuss this problem, and arrange a meeting if it would help the situation. We would appreciate your support to make sure _____'s attendance improves.

Thank you for your cooperation.

Yours truly,

School Principal

Dear _____,

The *School Act* states "a parent of a student has the responsibility to encourage the student in the pursuit of learning" (section 80(2)) and that the parent "shall cause the child to attend school" (section 69(3)). Parents who fail to comply with this responsibility are guilty of an offence (section 69(5)).

The *School Act* (section 71(1)) also requires that if a student is frequently absent from school without a satisfactory explanation, the school principal must report this to the Superintendent.

Your child continues to have excessive absences that are affecting academic progress. As of _____ our records indicate that your child has _____ days of absences. This letter is notification that we need to take further steps to correct this problem.

We must work together to resolve this attendance/and or truancy issue and ensure that your child is regularly attending school. Please contact the school as soon as possible to set up an appointment.

Yours truly,

School Principal

Dear _____,

Your child's attendance problem continues to be unresolved. As of _____ our records indicate that your child has _____ days of absences.

According to section 69(3) and 80 of the *School Act*, the parent must cause his/her child to attend school, and encourage the student in the pursuit of learning. _____'s excessive number of days absent from school indicate he/she is not attending regularly. As a result, _____ is not participating in the educational program in a meaningful way.

Since this is a violation of the *School Act*, (section 71(2)), I am obliged to report _____'s continued absenteeism to the Superintendent.

Where non-attendance is suspected to be an indicator of parental neglect, administration shall make a report to the Department of Community Services and Seniors - Child Protection, as required under the mandatory reporting section of the *Child Protection Act*, as per section 11(f). If you feel that this issue can still be successfully resolved, please contact me immediately.

Yours truly,
